Re: Fee Required for Notice of Intention to Commence Small Mining Operations, Travertine #8 - #9, S/019/053 (UTU-78691), Grand County, Utah

Dear Mr. Shumway:

On November 24, 2000, the Division received a copy of your Notice of Intention to Commence Small Mining Operations (SMO) for your Travertine #8 - #9 project from the Bureau of Land Management (BLM). The proposed project is located in the NE 1/4 SW 1/4 and NW 1/4 SE 1/4 Section 25, T22S, R16E, SLBM, Grand County, Utah.

We have performed a cursory review of your notice and assigned file number S/019/053 to the Travertine #8-#9 project; however, there are two issues which need to be resolved before we can continue to process your notice. The first issue to be resolved is the payment of the \$100.00 permit application fee as required under Item number VI, and Rule R647-3-101.7. A SMO application requires an initial \$100.00 fee and an annual \$100.00 fee thereafter, based on the Division's fiscal year, while the permit is open.

The second issue to be resolved is the blank variance request section of the SMO form. The SMO form states there are no new roads or improvements to the existing roads proposed as part of this project; however, the quad map does not show an existing road to the project site. The SMO form does not describe existing disturbances in the project area which would imply that all disturbances found in the area will be associated with this SMO. The Division would interpret leaving the variance section blank as meaning your operation will be able to comply fully with all the applicable Operation and Reclamation Practices (copy of summary enclosed). Please indicate your agreement with this interpretation, or provide the appropriate variance requests and justification. A documented site inspection is required before any variances can be granted.

We will suspend further review of this notice until the fee payment is received; a billing statement is enclosed for your use. Please be advised that **no mining is authorized** at this site until you have received written acceptance from both the Division and BLM. If you have any questions or concerns regarding this letter, please contact me at (801) 538-5267.

Sincerely,

Anthony A. Gallegos
Senior Reclamation Specialist
